

Accessories, 2 μ m-Laser Components

In addition to the industrial fiber laser systems, Futonics offers various components and accessories for 2 μ m lasers that can be purchased separately.

- Collimators
- F-Theta lenses
- Mid-IR optics
- Pyrometers above 3 μ m
- Mid-IR optics with high-damage-threshold coating
- Processing heads
- Fiber coupling units
- Fibers
- Fiber connections
- Scanning systems
- Clamping units
- External power supplies
- Water cooler
